EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 1-9 and 19-25 have been cancelled.

The following is an examiner's statement of reasons for allowance: Claim 10 contains patentable subject matter because the teachings of the prior art taken as a whole do not show or render obvious the combination set forth, including a fishing reel control unit the controls the operation of the fishing reel and records the information generated by the fishing reel; and a separately and independently operated fishing information display device display control unit, that is a second and separate control unit from the fishing reel control unit, for acquiring and storing second informational that is external to the fishing reel as well as acquiring the information generated by the fishing reel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
